The EMI is the same in every package. The loan is always the Package 1 amount — 120 months on reducing balance at 6% p.a. up to 3 kWp and 8.5% p.a. above 3 kWp. Anything above the Package 1 price is paid once, up front, as the down payment shown under each price. Subsidy is credited by the National Portal directly to your bank account after net-metering and inspection; it is not deducted from our invoice.
